

Governor before our rights are threatened again by those who would prohibit hunting and fishing.

**Please share copies of the petition with your friends and neighbors, too.** The more signed copies we get, the harder it will be for our colleagues in the legislature, and the Governor, to ignore our cause.

Help us guarantee that future generations will know the joy of climbing into their stand before the sun comes up on opening day; casting into the foam for stripers; or jigging for smallmouth on the Delaware.

Thank you in advance for your anticipated enthusiastic support.

Our 8<sup>th</sup> District legislative office is located at 32A N. Main Street, Medford. If you need any assistance, please visit our office or call (609) 654-1498.

Sincerely,

PHILIP E. HAINES  
Senator

DAWN MARIE ADDIEGO  
Assemblywoman

SCOTT RUDDER  
Assemblyman

**P.S. Please remember to make copies of our petition to share with your family and friends. Send them back to us, and we will deliver all the signed copies to the desk of Governor Corzine at the State House in Trenton.**
